 - Done in conjunction with *Moving Light Team*
- Assist with other ground needs, such as coiling cable

Moving Light Team

- Move Source 4's into their correct position
 - Refer to the plot and labels on the catwalks
 - Ensure the correct barrel size when placing lights
 - Connect with cables that are tied to the catwalks
 - Make sure safety cable is attached (if it has one)

Strike Plan

When Into The Woods Crew comes in

- Take down moving lights
 - These are the big black lights with screens that move
 - **Lights:** Take down one at a time and place near ladder
 - **Cable:** Coil into pile near ladder
- Lower moving lights to the balcony
 - Done in conjunction with *HR Boom Team*
 - Use provided rope to tie to moving light, and slowly lower with the help of 2-3 people
- Hoist up all Source 4's on balcony
 - In conjunction with *HR Boom Team*
 - If possible, place in correct position
- Lower coiled cables and other miscellaneous gear from catwalks
 - Done in conjunction with *HR Boom Team*
 - Place lowered cables into road case, sorted by power and data cables
- Focus Source 4's for Sunday's recital
 - Only focus required fixtures for Sunday's recital
